EXPERIENCE

- 2025 - present

CEO & Co-founder — *Saména*
Saména is the document layer for consulting firms — semantic search, structured extraction, no hallucinations.
- Jul - Aug 2025

Full-stack Developer (intern) — *ADII, Albi*
Built an internal CRM in Python / FastAPI : modular architecture, relational database, web interface, deployed to production.
- 2024 - 2025

Jury Member — *Prix des Technologies et du Numérique, Institut Polytechnique de Paris*
Quantitative and qualitative scoring of agritech startups for the Télécom Paris incubator.
- 2021 - 2022

Lifeguard — *Grand Albigeois, Albi*
Surveillance and rescue operations across municipal swimming facilities. Lifeguard certified (BNSSA).

EDUCATION

- 2024 - 2027

Engineering Degree — *Télécom Paris, Institut Polytechnique de Paris*
Data Science track. Deep learning, NLP, stochastic processes, optimisation, statistical learning.
- 2021 - 2024

Classes Préparatoires PCSI / PC* — *Lycée Saliège, Balma*

SELECTED PROJECTS

- 2026

Stochastic modelling of the Vélib' network — *Queuing theory, Télécom Paris*
Closed CTMC migration process (25 colonies, product-form stationary distribution, Gillespie simulation).
- 2025 - 2026

Unsupervised semantic analysis tool — *NLP & topic modelling*
BERTopic, TF-IDF, and contextual embeddings for theme detection across domain corpora.

SKILLS

- Machine learning

PyTorch, TensorFlow · MLP, CNN, RNN/LSTM/GRU, Transformers, VAE, GAN.
- NLP & retrieval

BERT, sentence-transformers, BERTopic · HMM (Forward, Viterbi, Baum-Welch) · LLMs, RAG, vector databases.
- Mathematics

Stochastic processes, CTMC, queuing networks · EM, MAP, MLE · optimisation.
- Engineering

Python, FastAPI, Pandas, NumPy, scikit-learn · JavaScript, Java, C, SQL · LaTeX · Git, Linux.
- Philosophy

Epistemology of AI, philosophy of mind, ethics of technology · close reading of Kant, Wittgenstein, Spinoza.

LANGUAGES

- Spoken

French (native) · English C1 · German B1 · Spanish A2.
